The BIKE CYCLE FILM PREMIERE

VanMeveren Law Group was proud to sponsor last weekend's premiere of The Bike Cycle, a documentary exploring the people, organizations, and stories that make Fort Collins' cycling community so special. The film highlights the work of groups including the Bike Co-Op, Your Group Ride, Safe Routes to School, and Bike Fort Collins, while examining the challenges that remain in making our roads safer for everyone.

The evening held particular meaning for our team because the film included stories of families we have had the privilege of supporting. Rodrick and Clarissa Stratton shared their experience of losing their 10-year-old son, Oliver "Ollie" Stratton, who was struck by a driver who was texting while he biked home from a friend's house. Friends of Ian Dickinson, whose wife we have had the privilege of representing, also reflected on his life after he was struck and killed by a motorcycle while cycling near Horsetooth Reservoir. Their stories are a heartbreaking reminder of the people behind every call for safer streets.

Our connection to the cycling community extends beyond our legal work. Supporting The Bike Cycle is another way we can help celebrate this community, honor those whose lives have been lost, and keep the conversation about bicycle safety moving forward.

CLIENT SUCCESS STORY

A high-speed rear-end collision on I-25 left our client with a serious brain injury. For months, she struggled with headaches, fatigue, dizziness, and sensitivity to light and noise. Her injury delayed her graduation and her start in a full-time career. Our team recovered the maximum available on four separate insurance policies, over $300,000.00 in total. With the insurance claim taken care of, our client could confidently conduct her job search without financial stress.

TESTIMONIAL

See what our clients have to say!

"I had a great experience working with Karl and Amy after being injured in a car accident. They handled all of the interactions with the insurance company and medical billing departments, which was such a relief. The weekly check-ins were very helpful and Karl was able to point me in the right direction for occupational therapy, a vision specialist, and a new neurologist. I am far better off for having

them on my team in the year after my accident. I really appreciate the encouragement and empathy provided along the way, and certainly felt heard and prioritized throughout the entire process. I am very happy with the settlement that they negotiated and am thankful for how it will support me as I continue to heal and find my new normal. I highly recommend VanMeveren Law Group and am very thankful for the months of support and advocacy that Karl and Amy provided!"

Hiking? Yes! Running? Absolutely! Swimming? I'm game to try it out! Hello there! My name is Shayna! I am one of the cutest, sweetest, and happiest pups around! In fact, I used to be an Olympic gold medalist in jumping! I am now learning that there's a time and place for my boundless enthusiasm and I'm working hard to be the most polite girl you've ever met-- I just get so excited to see my friends!! I love playing fetch (and sometimes keep-away, oops!), and I love making new dog friends! Once I get my wiggles out, I'm a total cuddler at heart. After a long day, I'll happily ditch the tennis ball if it means snuggling into your lap for some quality time together. If you're looking for a dog that has lots of smarts, lots of love to give, and lots of energy to spend than look no further! I may be your gal! Come and meet me today so we can be best fur-iends!
